3/ Mr. Parthsarthy started service as a 1st grade sub Assistant Surgeon on Rs.60/- in the Medical Department; but was transferred to the Sanitary Department as a District Sanitary Officer in the grade of Rs.150-15-360. After working there for some time he was deputed to England from June 1920 to December 1921 for higher studies in Sanitary and Public Health subjects. He returned to Bangalore at the end of 1921 and was appointed as a Supernumerary Assistant in the Public Health Institute on a pay of Rs.270/- in the grade referred to above. As a result of retrenchments in the Sanitary Department he was posted temporarily to the Medical Department in August 1922. He worked there for 5½ months and returned to the Public Health Institute in December 1922. In May 1924 he was again transferred to the Medical Department and posted for duty to the Clinical Laboratory of the Victoria Hospital vice Mr. Varada Iyengar posted as District Medical Officer, Bangalore. When the Comptroller to the Government raised the question of fixing the position of Mr. Parthasarathy in the Medical Department, Government directed that he should be shown in a distinct grade between the 1st and the second grade Assistant Surgeons. They also ordered that Mr. Parthasarthy was to be treated as an extra Officer in the Medical Department during the period of his employment there until he is absorbed in the Medical or Public Health Departments. One place in the Medical Department is also kept vacant on account of Mr Parthasarthi. This appointment means Less by absorbed there.

D.O. No. C. C. 6

OFFICE OF THE Senior Surgeon
& SANITARY COMMISSIONER WITH THE GOVERNMENT OF MYSORE

Camp Mysore,
Bangalore, 28th June 192 6.

Dear Sir,

I write to state that as a result of the discussion I had this morning with Dr. S. Subba Rao, Medical Officer, Victoria Hospital (who was here in connection with a University Meeting), I have to modify the proposals submitted in my letter No. C.C 1 dated the 23rd. Instant in so far as the immediate posting of Mr. P. Parthasarathy to the Public Health Institute is concerned. Mr. Parthasarathy is, besides holding charge of the Clinical Laboratory, the Lecturer in Pathology for the Medical College. If it were the Clinical Laboratory alone Mr. Krishnaswami Rao might easily be put in charge of it, - with adequate assistance. But he cannot conveniently be Lecturer in Pathology as well in addition to his own subject - Medicine, besides being responsible for running the Medical ward in the Institution. Mr. Parthasarathy cannot therefore be disturbed from his present charge for the next eight or nine months, until replaced by a competent Assistant Surgeon trained in England.

If Government approve, I shall nominate for their kind

Secretary to the Government of Mysore,
Medical & Agricultural Departments, Camp, Mysore.

Sir,

C B file not available for Consultation

With reference to the Government Notification appointing Mr. G.M. Dominick as Superintendent of the Public Health Institute, I have the honor to submit the following proposals for the consequential arrangements :-

1) Mr. G.M. Dominick will be in entire charge of the duties of Chemical Examiner and of the general bacteriological work in the Institute. He will continue to be assisted - in the Bacteriological Laboratory - by the Assistant Superintendent of the Vaccine Institute who was temporarily drafted for duty in the Public Health Institute consequent on his recent absence in Europe on leave.

File before Council in connection

2) A new Department will be added to the Institute for the preparation of sera and vaccines in pursuance of the instructions conveyed in your letter Camp No. 6 dated the 14th June 1926. For the present only common vaccines including the anti-plague vaccine will be manufactured. I propose the posting for charge of this Department of Mr. P. Parthasarthi, L.M.S., B.S.Sc., D.P.H., who was deputed by Government some time to specialise in this branch of work. To enable him to brush up his knowledge and to see how exactly the work is done under Indian conditions, he may be deputed to receive a short course of training extending over a period of three months at one of

the recognised Institutes engaged in vaccine manufactur prefe: rably Bombay, which is the only institute where anti-plague vaccine required for consumption in India is produced.

In regard to the pay of Mr. Parthasarthi, I recommend a special scale of Rs 300-20-500. He may be designated Assistant Superintendent and will be directly responsible to the Senior Surgeon and Sanitary Commissioner for the efficiency of the special Department in his charge

Proposals will be submitted in due course in regard to the extra subordinate staff and the equipment needed.

3) The Vaccine Institute will cease to be subordinate to the Public Health Institute and will - with effect from the 1st July next - come under the direct administrative control of the Sanitary Commissioner.

Proposal being worked in C.B.

4) Lastly, Mr. C. Krishnaswami Rao, Assistant Surgeon, - proposals for whose transfer to the Victoria Hospital have this day been separately submitted will resume charge of the Pathological Laboratory attached to the Institution, - as a part of his regular duties. All that he will need will be the assistance of a Sub Assistant Surgeon trained in Laboratory methods.

I have the honor to be,

Sir,

Your most obedient servant,
